PROFESSIONAL STATEMENT

Highly motivated Sophomore in Cybersecurity Science & Operations (Minor: Computer Science) at Liberty University (NCAE-C designated), maintaining a 4.0 GPA. Hands-on experience with Active Directory attack techniques, Windows and Linux system administration, and C++ programming, with a strong foundation in system hardening and penetration testing. Proven communicator and leader, comfortable presenting technical findings to professionals.

EDUCATION

Bachelor of Science, Cyber Security Science and Operations, Minor in Computer Science Anticipated May 2029
Liberty University, Lynchburg, VA

- **GPA:** 4.0
- **Academic Standing:** Sophomore (Junior by credit)
- **Clubs & Leadership:** Eagle Scholar (Leadership Development, Community Service, Professional Growth); Cybersecurity Club (Ethical hacking, OSINT, Linux)

Collegiate Penetration Testing Competition (CPTC) Team Member September 2026 - Present
Liberty University, Lynchburg, VA

- Practice ethical hacking against Active Directory environments, including Kerberoasting, AS-REP Roasting, lateral movement, and privilege escalation.
- Collaborate with teammates and the team captain in a competitive, team-based penetration testing setting, communicating clearly and professionally.
- Report and present discovered vulnerabilities to judges and industry professionals.

COURSE EXPERIENCE

Relevant Coursework (Completed & In Progress):

- **Data Structures & Algorithms (CSCN 215) – In Progress, Fall 2026** – Covers how data is organized and processed efficiently, including binary trees, heaps, and other core data structures, along with sorting algorithms and time-complexity (Big-O) analysis. Builds the problem-solving foundation for writing efficient, reliable code.
- **Windows System Administration (CSCN 352) – In Progress, Fall 2026** – Hands-on administration of Windows Server (Core and GUI), Windows workstations, Linux Mint, and Ubuntu Server. Covers deploying and configuring core enterprise network services, including DHCP, DNS, ADDS, and managing a domain.
- **Linux Operating System (CSCN 345) – Completed Spring 2026** – Command-line proficiency with grep, pipes, awk, sed, and Bash scripting for task automation; final project involved hacking a self-hosted Raspberry Pi server.
- **Business Data Communications and Networks (CSCN 230) – Completed Spring 2026** – Networking fundamentals, including the OSI 7-layer model, the 4-layer TCP/IP model, common network topologies, and methods for interconnecting networks.

TECHNICAL SKILLS

- **Software:** Microsoft Office (Word, Excel, PowerPoint), Visual Studio, Oracle VirtualBox, VMware Workstation
- **Operating Systems:** Microsoft Windows, Kali Linux, Ubuntu, macOS
- **Programming Languages:** C++, HTML, CSS, Python
- **Mathematics:** Calculus and Analytical Geometry 1, Integrals, Derivatives, Optimization

PROFESSIONAL EXPERIENCE

Camp Counselor, Strong Rock Camp, Cleveland, GA: June 2025 – July 2025, June 2026 – July 2026

- Led and mentored 40 children in a faith-based camp setting, enforcing safety guidelines, resolving daily logistical issues, and encouraging personal growth.
- Proactively identified and de-escalated emerging social conflicts to maintain a safe, inclusive environment.
- Taught groups of 10–14 children in classroom and activity sessions, including climbing, Bible study, and table sports. Managed conflicts, conversations, and learning materials for the classes.

Food Server (Promoted to ACE), Chick-fil-A, Fayetteville, GA: Spring 2023 – Spring 2025

- Delivered efficient service in a fast-paced environment, anticipating needs and resolving issues promptly.
- Recognized for strong communication, teamwork, and customer focus.
- Promoted to ACE in recognition of expertise, interpersonal skills, and reliability.
